

Owen Bernstein

Temple University | Philadelphia, PA | tus94485@temple.edu | (856) 979-1583

EDUCATION

Temple University, College of Engineering

B.S. Electrical & Computer Engineering (EE Concentration), Expected

2029 GPA: 3.90 | Honors: Temple Honors Program, Dean's List

Relevant Coursework:

- Physics II (Electricity & Magnetism — circuits, fields, waves)
- ENGR 1101 (Micro:bit programming, analytics using Microsoft Excel)
- ENGR 1102 (Python, data analysis, system modeling)
- Chemistry for Engineers (Semiconductors, p-n junctions, doping)
- General Chemistry 1 Lab (Lab practice, basic chemical techniques)
- Calculus II (Integration techniques, Series)

SKILLS

Electrical Troubleshooting & Diagnostics | Circuit Analysis (DC/AC) | Python & Data Analysis (Excel) | Multimeter & Lab Equipment | Mechanical & Electrical Systems

PROJECTS

Micro:bit Incubator System (ENGR 1101)

- Designed and built a temperature controlled system using sensors and control logic
- Integrated hardware and software to maintain stable environmental conditions and tested system performance

Wind Turbine Efficiency Program (ENGR 1102)

- Developed Python and Excel model to analyze real-world wind data and calculate energy output
- Evaluated system efficiency and visualized performance trends over time

EXPERIENCE

South Bowl Philadelphia (Spare Time Inc.) — Bowling Mechanic | Feb 2026 – Present -

Troubleshoot and repair electrical and mechanical systems (motors, wiring, automated components)

- Diagnose system failures, replace components, and perform preventive maintenance to minimize downtime

South Bowl Philadelphia (Spare Time Inc.) — Bar Back | June 2023 – Present - Supported

high-volume operations by maintaining inventory and assisting team members -

Developed efficiency and teamwork skills in fast-paced environments

TECHNICAL INTERESTS

Semiconductor Systems | p-n Junctions & Doping | Electrical System Design
