EDUCATION

TEMPLE UNIVERSITY, COLLEGE OF ENGINEERING, Philadelphia, PA	Graduation: May 2029
◆ Bachelor of Science in Electrical & Computer Engineering	GPA: 3.90/4.0
◆ Electrical Engineering Concentration	
◆ Temple Honors	
◆ College of Engineering Dean's List	
◆ Relevant Coursework: Physics II, Engineering Computation I, Engineering Analysis & Applications, Circuits & Electronics I	

ENGINEERING & ACADEMIC EXPERIENCE

TEMPLE UNIVERSITY, Philadelphia, PA	Aug 2026 –
<i>Incoming STEM Tutor</i>	
◆ Selected to provide peer tutoring in foundational STEM courses and reinforce quantitative problem solving strategies.	
◆ Will explain technical concepts clearly, guide students through practice problems, and support productive study habits.	

SPARE TIME INC. / SOUTH BOWL, Philadelphia, PA	Feb 2026 –
<i>Bowling Machine Technician</i>	
◆ Troubleshoot and repair electrical and mechanical issues in bowling equipment, including motors, wiring, sensors, and automated components.	
◆ Perform preventive maintenance and rapid diagnostics to reduce equipment downtime during live operations.	

TECHNICAL PROJECTS

Wind Turbine Energy Analysis, Temple University Spring 2026

- ◆ Developed a Python and Excel model using hourly weather data to estimate turbine power output, daily energy generation, profit, and break-even time.
- ◆ Compared site performance and evaluated sensitivity to energy loss assumptions for multiple client priorities.

Micro:bit Incubator System, Temple University Fall 2025

- ◆ Built a prototype incubator with wireless temperature monitoring, control logic, external insulation, and a revised Petri-dish holder.
- ◆ Created test procedures and a user guide, then refined the design based on performance and usability results.

ADDITIONAL EXPERIENCE

SPARE TIME INC. / SOUTH BOWL, Philadelphia, PA	June 2023 -
--	-------------

Bar-Back

- ◆ Restock inventory, maintain organized work areas, and support bartenders during high volume service.
- ◆ Coordinate with front and back of house staff to keep operations efficient, clean, and guest ready.

Home Team Tavern, Mt. Ephraim, NJ

July 2026 -

Server and Floor Manager

- ◆ Supervise floor operations and help keep service running smoothly during busy shifts.
- ◆ Serve guests, handle customer concerns, and support staff when needed.
- ◆ Coordinate with bartenders and servers to keep the floor organized and efficient.

SOFTWARE & TECHNICAL SKILLS

- ◆ **Software:** Python, Microsoft Excel, data analysis, technical documentation
- ◆ **Technical:** Electrical troubleshooting, circuit analysis, DC/AC systems, multimeter testing, lab equipment, mechanical systems
